NATIONAL SECURITY & ARMED CONFLICT  
SYMPOSIUM

**VETERANS AFFAIRS:** Issues Impacting Active Duty  
and Retired Military Members

Active military and retired veterans face a wide array of legal, medical, and political issues created by their unique circumstances. This year's symposium will highlight some of these circumstances, while demonstrating ways that these special men and women can receive much needed assistance. NSAC will present two panels and an ethics presentation for CLE credit.
